Directions: Print the letters you want to use for your banner on paper or card stock. Decorate as desired.

To put your banner together, consider punching holes with a hole punch on the top tab area of the letters. Join with paper fasteners (sometimes called brads) or string, ribbon or curling ribbon. You may choose to reinforce the holes by placing tape over the area where the hole will be before punching, or by using hole reinforcer stickers that are commonly used as office supplies.

Enjoy your banner!
