

# Free Winter Craft

## Anytime Snowman

### Activity Suggestion

Allow child to decorate snowman as desired.

Great conversation starters could include what items you may have used to decorate snowpeople as a child or saying: "Oh, no! The Snowman/woman has no \_\_\_\_\_. Fill in the blank with "eyes," "nose," "mouth," etc.

Fun textures to work with are cotton balls for the snow body, plaid fabric for the scarf, raisins for eyes, real twigs for arms, etc.

Just so you know, coconut will leave a greasy residue. We found this out by experience and thought you might appreciate fair warning!
