

Free Craft Template Corn (Maize)

Activity Suggestions

Consider fingerpainting or using stamp pads of different colors.

Or how about bubble wrap prints? Simply tape (small scale) bubble wrap to table and allow child to paint the wrap with yellow, brown, and/or orange paints. Then press this page to the painted surface for a fun transfer effect.

Or pop some popcorn and allow children to glue to the corn picture.

Or allow child to make a corn collage by gluing on flat or crumbled tissue paper.
