

# Free Easter Craft Baby Chick Puppet

[www.Quality-Kids-Crafts.com](http://www.Quality-Kids-Crafts.com)

## Directions

Print one template for each child. The puppet will be glued together front and back, so both sides will be decorated. Using a feather for a brush, allow child to paint the chick yellow. If you don't have paint, use markers or crayons. Got gold glitter? Use it! Got wiggle eyes? You know where to put them!

Once dry, tape or glue to a popsicle stick, or similar shape cut from cardboard (cereal boxes work great for this sort of thing).

*Have fun putting on your very own  
G-Rated "Peep Show!"*
