## Olive Wreath

### Paper Plate Crown

[www.Quality-Kids-Crafts.com](http://www.Quality-Kids-Crafts.com)

#### Directions

Print template on green cardstock or on plain paper. Allow children to add black or green fingerprints in the oval shapes to represent olives. Cut along dashed lines and set aside.

Cut the center out of a 9" (23cm) paper plate to form the base of your wreath.

With the plate curving downwards (back side up), decorate the wreath green; whether by coloring with crayons or markers, painting, or tearing green construction paper leaves. Once paint and/or glue is dry, add the olives and enjoy!
